PEACE IN PHILIPPINES

President Issues a Proclamation Which Restores Peace.

THREE PROVISIONS.

One Extends Amnesty to Filipinos under Certain Conditions, the Second Placing the Island Under Civil Control.

Washington, July 4.—The president has formally declared the restoration of peace in the Philippine archipelago. He has placed the islands under complete civil control and has extended general amnesty to the Filipinos who have been in rebellion.

These three, things marking one of the most important chapters in history were accomplished through the issue of three separate orders and proclamations, one by the president over his own signature, extending amnesty; one through Secretary Root, by the president's order, relieving General Chaffee from his duties as military governor, and a third which takes the shape of a general order addressed to the entire army of the United States in which he takes occasion to express the president's high appreciation of the work it has accomplished both in Cuba and in the Philippines.

The amnesty proclamation is as follows:

"Whereas, many of the inhabitants of the Philippine archipelago were in insurrection against the authority and sovereignty of the kingdom of Spain at diverse times, from August, 1896, until the cession of the archipelago by that kingdom to the United States of America and since such cession many of the persons so engaged in insurrection have recently attested the authority and sovereignty of the United States, and whereas, the insurrection against the authority and sovereignty of the United States is now at an end and peace has been established in all parts of the archipelago except in the country inhabited by the Moro tribes, to which this proclamation does not apply; and, whereas, during the course of the insurrection against the kingdom of Spain and against the government of the United States, persons engaged therein, or those in sympathy with and abetting them, committed many acts in violation of the laws of civilized warfare, but it is believed that such acts were generally committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

"Whereas, it is the policy of the United States to extend amnesty to persons who have committed such acts, and to restore peace to the Philippine archipelago; and

"Whereas, it is the policy of the United States to extend amnesty to persons who have committed such acts, and to restore peace to the Philippine archipelago; and

of conscription or otherwise, and

"Provided further, that every person who shall seek to avail himself of this proclamation shall take and subscribe the oath by any authority in the Philippine archipelago authorized to administer oaths, namely:

"I solemnly swear (or affirm) that I recognize and accept the supreme authority of the United States of America in the Philippine islands and will maintain true faith and allegiance thereto; that I impose upon myself this obligation voluntarily without mental reservation or purpose of evasion, so help me God."

"Given under my hand at the city of Washington, this fourth day of our Lord, one thousand nine hundred and two, and in the one hundred and twenty-seventh year of the independence of the United States.

"THEODORE ROOSEVELT."

REBELS SUCCESSFUL.

They Succeed in Routing Government Troops in Venezuela.

Port of Spain, Trinidad, July 4.—News has reached here that after three days' fighting the town of Barquisimeto, in the state of Lara, Venezuela, has been captured by rebels under General Luciano Mendoza.

General Mendoza, who reappeared in active operations, was accompanied by Generals Solagren, Poncho, Batalla and Autar. The government troops were nearly all captured. One hundred of them have escaped with Gonzales Pacheco, governor of the state of Lara, in the direction of Trujillo. Four Venezuelan officers and General Varela, the chief in command at Barque Isem, have reached the seaport of Bocas. General Jinto Larabe has been made governor of Barque by the rebels.

This new victory is believed to prove once again the vitality of the revolution against President Castro. Rebels, who are estimated to number 4500 men, are now marching on Valencia, in the state of Carabobo. Valencia will probably be attacked within ten days.

BULL FIGHTS AT LAWTON.

They Take Place Despite Protests Made to Governor Ferguson.

Lawton, Ok., July 4.—The first of the series of bull fights billed for this place was held here Thursday, despite the protest to Governor Ferguson made by John P. Haines, secretary in New York of the society for the Prevention of Cruelty to Animals. The fight was witnessed by 5000 people, and it was devoid of cruel features, no animals being killed. The fight will be repeated every day until July 7.

Governor Ferguson has received many telegrams asking that the bull fighting at Lawton be stopped. The governor, who is ill, is reported to have said: "If there is a chance to stop the exhibition, I will call out the military and will stop it."

It is doubtful if the exhibition will be stopped.

The exhibition is being held at Lawton, Ok., and is being conducted by a man named J. J. Ledbetter.

Lawton explains that nothing brutal is involved in the fights.

The exhibition is being held at Lawton, Ok., and is being conducted by a man named J. J. Ledbetter.

SENSATION SPRUNG.
Hogg and Clark's Names Placed Before
Third Judicial Convention.
 Austin, July 3.—Quite a sensation
 was sprung this morning in the
 judicial convention, when on 73rd bal-
 lot for the nomination of judge for the
 Third judicial district, the names of ex-
 Governor James S. Hogg and Judge
 George Clark were brought out as can-
 didates. It was such a surprise that
 some delegates thought these dark
 horses were sprung as a joke, but up-
 on a vote being taken ex-Governor
 Hogg received 61 votes and Judge
 Clark only 8. This took the breath
 away from some of the delegates, one
 of whom sprang up and declared that
 it was another Hogg and Clark cam-
 paign and a put up job. It also threw
 terror into the ranks of the Streetman
 forces. It was sometime before the
 delegates became quieted down and
 the convention, which is in sure
 enough deadlock, resumed voting for
 the four original candidates in the
 field. When the convention adjourned
 Wednesday night sixty ballots had
 been cast and this number was in-
 creased to 70 today and with the
 exception of the 73rd ballot the vot-
 ing was practically the same, the
 Streetman forces voting solid for their
 one candidate to another with no re-
 sult.

TECHNICAL SCHOOL.

Prof. Redmayne Says Practical Training
Is a Commendable Feature.

New York, July 3.—Prof. R. A. Red-
 mayne, professor of mining in the new
 technical school of the University at
 Birmingham, England, who has been
 in this country several weeks study-
 ing our technical schools, has return-
 ed from the west and will sail for En-
 gland in a day or two.

"I have found the excellent reputa-
 tions your American technical schools
 enjoy in England to be fully, even
 more fully, than I expected, justified
 by the schools," he said. "What im-
 pressed me most, I think, in your Amer-
 ican methods of technical instruction
 is the practical training you give.
 Your graduates are metallurgists, so
 are ours; but your graduates can
 build bridges, design and run loco-
 motives, meet any and all emergencies
 placed. It is this broad, practical
 that has given American engineers
 such a splendid reputation in South
 Africa, Australia and elsewhere that
 I have observed. I think we excel you
 in pure sciences, but you excel us in
 practical application."

matter,

CONDITION OF COTTON

General Estimate Is in Excess of the Ten-Year Average.

TEXAS THE LOWEST

During June the Crop in the Lone Star State Fell Off Twenty-Two Points.

North Carolina at the Head as Best General Average.

Washington, July 3.—The monthly report of the statistician of the department of agriculture will show the average condition of cotton on June 25 was 84.7 as compared with 95.1 on May 26, 81.1 on June 25, 1901, 75.8 on July 1, 1900, and a ten-year average of 85.6. With the exception of North Carolina, where there seems to have been slight improvement, and Virginia where there is no appreciable change in the condition, every cotton producing state shows decline during the month, the decline being greatest in Texas, where it amounts to 22 points and in Louisiana, Indian Territory, Mississippi and Alabama where it is 11, 10, 9 and 8 points respectively.

The condition is, however, still in excess of ten-years average in following states, by number points stated in each case: Virginia, 2; North Carolina, 6; South Carolina and Florida, 9; Georgia and Arkansas, 7; Tennessee, 12; Oklahoma, 2; and Missouri, 10.

On the other hand the condition falls below ten-year average by 2 points in Louisiana and the Indian Territory, 1 point in Alabama and 13 points in Texas.

This report is made up to June 25 and no changes subsequent to that date have been taken into account.

The department's statistical agent for Texas, however, telegraphed Wednesday night that the recent rains in that state had been of little or no benefit to the cotton crop and that further deterioration may be looked for unless there is more rain by July 10.

The condition in the principal states is reported as follows: North Carolina, 93; South Carolina, 95; Georgia, 91; Florida, 96; Alabama, 84; Mississippi, 85; Louisiana, 95; Texas, 75; Arkansas, 94; Tennessee, 98; Oklahoma, 90; Indian Territory, 89.

Drouth in New Mexico.

Santa Fe, N. M., July 3.—The weekly crop bulletin issued by the weather bureau show severe drouth in all parts of territory. At Abiquiu, Rio Arriba county, Chama river has dried up for the second time in 100 years. Water in other streams in that section are lower than ever before.

THE KING'S CONDITION.

His Physicians Says He Is Doing as Well as Possible.

London, July 3.—The following bulletin was issued regarding King Edward's condition from Buckingham Palace at 10 o'clock this morning.

"The king has slept well, and nothing has occurred to mar excellent progress his majesty is now making."

Discussing the king's uninterrupted progress one physician says:

"It has been necessary to remove the drainage tubes as they could not be tolerated and gauze plugs are now used instead. The wound is granulating satisfactorily, the discharge has diminished and is perfectly inodorous. His majesty's temperature has been normal since June 26. His constitutional condition is admirable."

Officers Going to Alaska.

Seattle, Wash., July 3.—Brig. Gen. George Greeley, chief of the United States signal service, will sail on the steamer Bertha for Valdez next Tuesday. General Greeley is going to Alaska to supervise the work of building the government telegraph lines from Valdez to Eagle City.

Gen. George M. Randall, commander of the department of the Columbia, accompanied by his staff, will sail Sunday on the transport Warren for Alaska, where he will make his annual inspection of the military posts.

Declared Had No Hand.

London, July 3.—Twenty-nine "rusticated" cadets of the Royal Military academy at Sandhurst have left that institution protesting they had not been connected with the recent incendiary fires started at college. As called to the Associated Press Wednesday, the time limit of 48 hours given by Lord Roberts, the commander-in-chief, to the cadets of the college to deliver up those who had been guilty of starting many recent fires at college, in default of which the "rustication" of all cadets would have expired at once.

Determined.

Frost, Tex., July 3.—A farmer just north of here, succeeded in shooting his rifle.

TARRED AND FEATHERED

Husband and Sister of a Dead Woman Ordered to Leave.

Sterlin, Ill., July 3.—The funeral of Mrs. John Zelbert of Mount Morris, near this city, was delayed Wednesday until the mourners could adjourn to a cornfield and administer a coat of tar and feathers to the husband and sister of the dead woman. Then the funeral proceeded, but the two who were to have been chief mourners were absent.

The house was filled with sorrowing neighbors, when some of them discovered the husband in another room, hugging and kissing a sister of the dead woman.

The crowd quickly dragged the couple to the cornfield. A plentiful supply of tar was poured over the victims and the feathers from a pillow were emptied on each. Then the two were driven from the village and ordered never to return. Mrs. Zelbert died of consumption, and during the two years of her sickness it is alleged that her husband was continually making love to her sister.

PERFORMER INJURED.

Bomb Failed to Explode Which Opened the Parachute of Dull.

Louisville, July 3.—In the presence of 5000 spectators, witnessing an open-air performance of the "Last Days of Pompeii" on the common opposite Churchill Downs Wednesday night, James Dull, known as the "human bomb," received injuries which probably will result in his death. It was Dull's part of the performance to be hurled high in the air by a bomb which explodes, releasing a parachute by which the performer returns to earth. The bomb was shot as usual, but when the man reached his greatest height the bomb failed to explode and started to the earth with the victim unable to release himself. The missile was 100 feet from the ground, when it suddenly exploded, and to the horror of the spectators, Dull was dashed to the earth and the performance brought to a close. When the victim was picked up, it was found his back was broken.

Texas Base Ball Games.

The following games of baseball were played in the Texas league Wednesday: At Corsicana—Corsicana, 8; Dallas, 5. Batteries, Wright and Clark, Clark and Berry.

At Texarkana—Texarkana, 1; Waco, 7. Batteries, Storey, Murphy and Ballinger, McKay and O'Donnell.

At Paris—Paris, 8; Waco, 7. Batteries, Adams and Moore, Ahorn and Stubblefield.

Clubs—	Played.	Won.	Lost.	Cent.

Girls' Industrial School.

Denison, Tex., July 3.—The board of regents of the State Industrial School for Girls selected the plans of Dodson & Scott of Waco for the building bids on which will be advertised for as soon as the working plans are completed. The plan selected calls for a building with two wings, in the central dome 96 feet high. The style is of the classic, three stories and a basement. Stone foundations up to the first story windows and stone trimmings and brick will be the materials of construction. The building is expected to cost in the neighborhood of \$45,000.

Two Men Shot.

Big Sandy, Tex., July 3.—John Fields, section foreman at Hawkins, was shot twice Tuesday by a negro. The negro had worked on the section and was discharged in the morning. He became indignant over being discharged and secured a shotgun and secretly got near where Fields was at work on the track and shot him twice with two loads of small shot, making only flesh wounds. Fields drew his pistol and shot his assailant. Andrew Holloway was arrested.

Asks for a Respite.

Austin, July 3.—Method Razdral, an attorney of La Grange, is here and will make formal application to Gov. Sayers for a respite in the case of Sam Woodley, a negro under sentence to be hanged at La Grange on July 11 for criminal assault on a white girl. The ground on which the respite is asked is that the convicted man was under 17 years of age at the time he committed the crime. The law prohibits the infliction of the penalty upon persons under 17 years of age.

PEACE IN PHILIPPINES

President Issues a Proclamation Which Restores Peace.

THREE PROVISIONS.

One Extends Amnesty to Filipinos under Certain Conditions, the Second Placing the Island Under Civil Control.

Washington, July 4.—The president has formally declared the restoration of peace in the Philippine archipelago. He has placed the islands under complete civil control and has extended general amnesty to the Filipinos who have been in rebellion.

These three, things marking one of the most important chapters in his history were accomplished through the issue of three separate orders and proclamations, one by the president over his own signature, extending amnesty; one through Secretary Root, by the president's order, relieving General Chaffer from his duties as military governor, and a third which takes the shape of a general order addressed to the entire army of the United States in which he takes occasion to express the president's high appreciation of the work it has accomplished both in Cuba and in the Philippines.

The amnesty proclamation is as follows:

"Whereas, many of the inhabitants of the Philippine archipelago were in insurrection against the authority and sovereignty of the kingdom of Spain at diverse times, from August, 1896, until the cession of the archipelago by that kingdom to the United States of America and since such cession many of the persons so engaged in insurrection have recently attested the authority and sovereignty of the United States, and whereas, the insurrection against the authority and sovereignty of the United States is now at an end and peace has been established in all parts of the archipelago except in the country inhabited by the Moro tribes, to which this proclamation does not apply; and, whereas, during the course of the insurrection against the kingdom of Spain and against the government of the United States, persons engaged therein, or those in sympathy with and abetting them, committed many acts in violation of the laws of civilized warfare, but it is believed that such acts were generally committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

"Whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

and whereas, it is believed that the acts of the persons so engaged in insurrection were committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

of connection or otherwise, and who shall seek to avail himself of this proclamation shall take and subscribe the oath by any authority in the Philippine archipelago authorized to administer oaths namely:

"I—solemnly swear (or affirm) that I recognize and accept the supreme authority of the United States of America in the Philippine islands and will maintain true faith and allegiance thereto; that I impose upon myself this obligation voluntarily without mental reservation or purpose of evasion, so help me God."

"Given under my hand at the city of Washington, this fourth day of our Lord, one thousand nine hundred and two, and in the one hundred and twenty-seventh year of the independence of the United States."

"THEODORE ROOSEVELT."

REBELS SUCCESSFUL.

They Succeed in Routing Government Troops in Venezuela.

Port of Spain, Trinidad, July 4.—News has reached here that after three days' fighting the town of Barquisimeto, in the state of Lara, Venezuela, has been captured by rebels under General Luciano Mendoza.

General Mendoza, who reappeared in active operations, was accompanied by Generals Solagren, Poncho, Batalla and Autar. The government troops were nearly all captured. One hundred of them have escaped with Gonzales Pacheco, governor of the state of Lara, in the direction of Trujillo. Four Venezuelan officers and General Varela, the chief in command at Barque Isem, have reached the seaport of Bocas. General Jinto Larache has been made governor of Barque by the rebels.

This new victory is believed to prove once again the vitality of the revolution against President Castro. Rebels, who are estimated to number 4500 men, are now marching on Valencia, in the state of Carabobo. Valencia will probably be attacked within ten days.

BULL FIGHTS AT LAWTON.

They Take Place Despite Protests Made to Governor Ferguson.

Lawton, Ok., July 4.—The first of the series of bull fights billed for this place was held here Thursday, despite the protest to Governor Ferguson made by John P. Haines, secretary in New York of the society for the Prevention of Cruelty to Animals. The fight was witnessed by 5000 people, and it was devoid of cruel features, no animals being killed. The fight will be repeated every day until July 7.

Governor Ferguson has received many telegrams asking that the bull fighting at Lawton be stopped, but he has refused to do so. He said: "If there is any objection to the exhibition, let the people call out the mob."

It is doubtful if the fight will be repeated.

The fight was witnessed by 5000 people, and it was devoid of cruel features, no animals being killed. The fight will be repeated every day until July 7.

Governor Ferguson has received many telegrams asking that the bull fighting at Lawton be stopped, but he has refused to do so. He said: "If there is any objection to the exhibition, let the people call out the mob."

SENSATION SPRUNG.

Hogg and Clark's Names Placed Before
Third Judicial Convention.
Austin, July 3.—Quite a sensation
was sprung this morning in the
judicial convention, when on 73rd bal-
lot for the nomination of judge for the
Third judicial district, the names of ex-
Governor James S. Hogg and Judge
George Clark were brought out as can-
didates. It was such a surprise that
some delegates thought these dark
horses were sprung as a joke, but up-
on a vote being taken ex-Governor
Hogg received 61 votes and Judge
Clark only 8. This took the breath
away from some of the delegates, one
of whom sprang up and declared that
it was another Hogg and Clark cam-
paign and a put up job. It also threw
terror into the ranks of the Streetman
forces. It was sometime before the
delegates became quieted down and
the convention, which is in sure
enough deadlock, resumed voting for
the four original candidates in the
field. When the convention adjourned
Wednesday night sixty ballots had
been cast and this number was in-
creased to 70 today and with the
exception of the 73rd ballot the vot-
ing was practically the same, the
Streetman forces voting solid for their
one candidate to another with no re-
sult.

TECHNICAL SCHOOL.

Prof. Redmayne Says Practical Training
Is a Commendable Feature.
New York, July 3.—Prof. R. A. Red-
mayne, professor of mining in the new
technical school of the University at
Birmingham, England, who has been
in this country several weeks study-
ing our technical schools, has return-
ed from the west and will sail for Eng-
land in a day or two.
"I have found the excellent reputa-
tions your American technical schools
enjoy in England to be fully, even
more fully, than I expected, justified
by the schools," he said. "What im-
pressed me most, I think, in your Amer-
ican methods of technical instruction
is the practical training you give.
Your graduates are metallurgists, so
are ours; but your graduates can
build bridges, design and run loco-
motives, meet any and all emergencies
and local needs wherever they may be
placed. It is this broad, practical
that has given American engineers
such a splendid reputation in South
Africa, Australia and elsewhere that
I have observed. I think we excel you
in pure sciences, but you excel us in
practical application."

CONDITION OF COTTON

General Estimate Is in Excess of the Ten-Year Average.

TEXAS THE LOWEST

During June the Crop in the Lone Star State Fell Off Twenty-Two Points. North Carolina at the Head as Best General Average.

Washington, July 3.—The monthly report of the statistician of the department of agriculture will show the average condition of cotton on June 25 was 84.7 as compared with 95.1 on May 26, 81.1 on June 25, 1901, 75.8 on July 1, 1900, and a ten-year average of 85.6. With the exception of North Carolina, where there seems to have been slight improvement, and Virginia where there is no appreciable change in the condition, every cotton producing state shows decline during the month, the decline being greatest in Texas, where it amounts to 22 points and in Louisiana, Indian Territory, Mississippi and Alabama where it is 11, 10, 9 and 8 points respectively.

The condition is, however, still in excess of ten-years average in following states, by number points stated in each case: Virginia, 2; North Carolina, 6; South Carolina and Florida, 9; Georgia and Arkansas, 7; Tennessee, 12; Oklahoma, 2; and Missouri, 10.

On the other hand the condition falls below ten-year average by 2 points in Louisiana and the Indian Territory, 1 point in Alabama and 13 points in Texas.

This report is made up to June 25 and no changes subsequent to that date have been taken into account.

The department's statistical agent for Texas, however, telegraphed Wednesday night that the recent rains in that state had been of little or no benefit to the cotton crop and that further deterioration may be looked for unless there is more rain by July 10.

The condition in the principal states is reported as follows: North Carolina, 93; South Carolina, 95; Georgia, 91; Florida, 96; Alabama, 84; Mississippi, 85; Louisiana, 95; Texas, 75; Arkansas, 94; Tennessee, 98; Oklahoma, 90; Indian Territory, 89.

Drouth in New Mexico.

Santa Fe, N. M., July 3.—The weekly crop bulletin issued by the weather bureau show severe drouth in all parts of territory. At Abiquiu, Rio Arriba county, Chama river has dried up for the second time in 100 years. Water in other streams in that section are lower than ever before.

THE KING'S CONDITION.

His Physicians Say He Is Doing as Well as Possible.

London, July 3.—The following bulletin was issued regarding King Edward's condition from Buckingham Palace at 10 o'clock this morning.

"The king has slept well, and nothing has occurred to mar excellent progress his majesty is now making."

Discussing the king's uninterrupted progress one physician says: "It has been necessary to remove the drainage tubes as they could not be tolerated and gauze plugs are now used instead. The wound is granulating satisfactorily, the discharge has diminished and is perfectly inodorous. His majesty's temperature has been normal since June 26. His constitutional condition is admirable."

Officers Going to Alaska.

Seattle, Wash., July 3.—Brig. Gen. George Greeley, chief of the United States signal service, will sail on the steamer Bertha for Valdez next Tuesday. General Greeley is going to Alaska to supervise the work of building the government telegraph lines from Valdez to Eagle City.

Gen. George M. Randall, commander of the department of the Columbia, accompanied by his staff, will sail Sunday on the transport Warren for Alaska, where he will make his annual inspection of the military posts.

Declared Had No Hand.

London, July 3.—Twenty-nine "rusticated" cadets of the Royal Military Academy at Sandhurst have left that institution protesting they had not been connected with the recent incendiary fires started at college. As called to the Associated Press Wednesday, the time limit of 48 hours given by Lord Roberts, the commander-in-chief, to the cadets of the college to deliver up those who had been guilty of starting many recent fires at college, in default of which the institution of all cadets would be expired at once.

Determined.

Frost, Tex., July 3.—A farmer just north of here by shooting his rifle.

TARRED AND FEATHERED

Husband and Sister of a Dead Woman Ordered to Leave.

Sterlin, Ill., July 3.—The funeral of Mrs. John Zeibert of Mount Morris, near this city, was delayed Wednesday until the mourners could adjourn to a cornfield and administer a coat of tar and feathers to the husband and sister of the dead woman. Then the funeral proceeded, but the two who were to have been chief mourners were absent.

The house was filled with sorrowing neighbors, when some of them discovered the husband in another room, hugging and kissing a sister of the dead woman.

The crowd quickly dragged the couple to the cornfield. A plentiful supply of tar was poured over the victims and the feathers from a pillow were emptied on each. Then the two were driven from the village and ordered never to return. Mrs. Zeibert died of consumption, and during the two years of her sickness it is alleged that her husband was continually making love to her sister.

PERFORMER INJURED.

Bomb Failed to Explode Which Opened the Parachute of Dull.

Louisville, July 3.—In the presence of 5000 spectators, witnessing an open-air performance of the "Last Days of Pompeii" on the common opposite Churchill Downs Wednesday night, James Dull, known as the "human bomb," received injuries which probably will result in his death. It was Dull's part of the performance to be hurled high in the air by a bomb which explodes, releasing a parachute by which the performer returns to earth. The bomb was shot as usual, but when the man reached his greatest height the bomb failed to explode and started to the earth with the victim unable to release himself. The missile was 100 feet from the ground, when it suddenly exploded, and, to the horror of the spectators, Dull was dashed to the earth and the performance brought to a close. When the victim was picked up, it was found his back was broken.

Texas Base Ball Games.

The following games of baseball were played in the Texas league Wednesday: At Corsicana—Corsicana, 8; Dallas, 5. Batteries, Wright and Clark, Clark and Berry.

At Texarkana—Texarkana, 1; Waco, 7. Batteries, Storey, Murphy and Ballinger, McKay and O'Donnell.

At Paris—Paris, 8; Waco, 7. Batteries, Adams and Moore, Ahorn and Stubblefield.

Paris.....	58	23	35	.397
Texarkana.....	60	21	39	.350

Girls' Industrial School.

Denison, Tex., July 3.—The board of regents of the State Industrial School for Girls selected the plans of Dodson & Scott of Waco for the building bids on which will be advertised for as soon as the working plans are completed. The plan selected calls for a building with two wings, in all 280 feet wide, 115 feet deep and the central dome 96 feet high. The style is of the classic, three stories and a basement. Stone foundations up to the first story windows and stone trimmings and brick will be the materials of construction. The building is expected to cost in the neighborhood of \$45,000.

Two Men Shot.

Big Sandy, Tex., July 3.—John Fields, section foreman at Hawkins, was shot twice Tuesday by a negro. The negro had worked on the section and was discharged in the morning. He became indignant over being discharged and secured a shotgun and secretly got near where Fields was at work on the track and shot him twice with two loads of small shot, making only flesh wounds. Fields drew his pistol and shot his assailant. Andrew Holloway was arrested.

Asks for a Respite.

Austin, July 3.—Method Razdral, an attorney of La Grange, is here and will make formal application to Gov. Sayers for a respite in the case of Sam Woodley, a negro under sentence to be hanged at La Grange on July 11 for criminal assault on a white girl. The ground on which the respite is asked is that the convicted man was under 17 years of age at the time he committed the crime. The statute prohibits the infliction of the penalty upon persons under 17.
